Sprint 3 is ready and will be completed:

The screenshot shows the Jira interface for the 'charging-station-app' project. The left sidebar contains navigation options: PLANUNG (Roadmap, Backlog, Board) and ENTWICKLUNG (Code, Projektseiten, Verknüpfung hinzufügen, Projekteinstellungen). The main area displays the 'Backlog' for 'CSA Sprint 3' (16 Juni – 17 Juni, 3 Vorgänge). The sprint is marked as 'FERTIG' (Done) with a green circle and 'MF' (My Favorites) icon. The backlog items are:

- CSA-7 IntelliJ: add all applications (those of other project-programmers) individually as Maven projects. (FERTIG, MF)
- CSA-8 IntelliJ: Create compound for launching all 6 applications with one click. (FERTIG, MF)
- CSA-9 IntelliJ: Testing of codes and functionalities. (FERTIG, MF)

Below the sprint, the 'Backlog' section shows '(0 Vorgänge)' and a message 'Ihr Backlog ist leer.' (Your backlog is empty). A confirmation dialog is displayed in the center, titled 'CSA Sprint 3 abschließen' (Close CSA Sprint 3). The dialog contains the text: 'Dieser Sprint enthält 3 abgeschlossene Vorgänge. Das war's! Gut gemacht!' (This sprint contains 3 completed tasks. That's it! Good job!). Below this, there is a checkbox option: 'Eine Retrospektivseite für diesen Sprint erstellen' (Create a retrospective page for this sprint). The text below the checkbox reads: 'Beenden Sie Ihren Sprint mit einer Confluence-Retrospektive. Sie tragen damit zur Teamkultur und zur Verbesserung der Arbeitsweise im Team bei.' (End your sprint with a Confluence retrospective. You contribute to the team culture and improvement of the team's way of working). The dialog has two buttons: 'Sprint abschließen' (Close sprint) and 'Abbrechen' (Cancel).

After all sprints are completed, the backlog is empty:
